

Petition Calling for Improved 326 & 327 Bus Services

To the Honourable Speaker and Members of the Legislative Assembly in New South Wales. The petition of the people of New South Wales brings to the attention of the House:

Weekday services between 9.30am and 3.00pm and Saturday 326 and 327 bus services will now be an hour apart. The 326 and 327 bus services are important for inner east residents, particularly in Darling Point where there are no other bus services.

Inner city residents require reliable access to the Central Activity District for work, shopping, and recreation. At a time of increasing petrol prices and traffic congestion, the Government should be increasing bus services not reducing them.

People will use public transport if it is regular and reliable.

The undersigned petitioners therefore ask that the Government reinstate the 326 and 327 bus service timetable.
