Petition Calling for the NSW Government to Retain Inner City Social Housing

To the Honourable the Speaker and Members of the Legislative Assembly in New South Wales in Parliament assembled. This petition of the people of New South Wales brings to the attention of the House:

The Housing NSW has sold 99 year leases on Millers Point properties that had been allowed to fall into disrepair and were no habitable. The Government has announced that another 20 properties will be sold.

Inner Sydney housing is increasingly unaffordable, and there are long waiting lists for public housing close to jobs, transport, and health and welfare services.

Inner city public housing is necessary to provide housing and support to our most vulnerable citizens, close to support and jobs.

The undersigned petitioners therefore ask that the Government retain and properly maintain inner city public housing stock.
